

Attendance Record of Activities for Social and Public Interest outside the School Academic Year

Name Surname.....Grade EP./.....Number

Explanation These activities are aimed at encouraging students to devote themselves and provide voluntary services for the benefit of society, their communities and local areas in accordance with their interests, thus manifesting commitment, virtue, sacrifice for social causes and public-mindedness. They include voluntary services in various fields and those for public interest and concerns. Therefore, students and parents can conduct and participate in such activities. To enable such activities to be recognized, please fill in the following information below.
